3M™ Disinfectant Cleaner Concentrates

**Tough germs
require tough
disinfectants.**

Distributed by:

Don't leave disinfecting to chance.

Now more than ever, it's critical to make sure your surfaces are properly disinfected. 3M provides disinfectants with varying contact times to efficiently and effectively help disinfect surfaces — including some that kill SARS-CoV-2, the virus that causes COVID-19.

IMPORTANT NOTICE: Always refer to chemical product label prior to use. To learn more about SARS-CoV-2, please refer to the 3M Technical Talk “Coronavirus Disease 2019 (COVID-19) Tech Talk”.

3M™ TB Quat Disinfectant Ready-To-Use Cleaner

- ✓ Kills SARS-CoV-2, which causes COVID-19 (SARS-Related Coronavirus 1) on hard nonporous surfaces in just 60 seconds!
- ✓ 5 minute contact time for TB, Hepatitis B, and Hepatitis C.
- ✓ READY-TO-USE cleaner, deodorizer, disinfectant, virucide, tuberculocide, mildewstat, and fungicide. Clean, deodorize and disinfect in one step with no rinsing!

3M™ Disinfectant Cleaner RCT Concentrate #40

- ✓ EPA-registered. Effective against SARS-CoV-2 and HIV-1 (1 minute dwell), HBV, MRSA, VRE, *Acinetobacter Baumannii* and other microorganisms (3-minute dwell).
- ✓ Rinse-free, fragrance-free.
- ✓ Sanitizes soft, non-food contact surfaces with a 5-minute dwell time.
- ✓ Norovirus claim available on 1:128 dilution (bulk concentrate).
- ✓ Available in both 3M™ Flow Control and 3M™ Twist 'n Fill™ Chemical Management Concentrates and gallon bulk concentrate.

3M™ C. Diff Solution Tablets, Quart Size

3M™ C. Diff Solution Tablets, Gallon Size

- ✓ EPA-registered and effective against SARS-CoV-2 (the cause of COVID-19) in 4 minutes at 1076ppm on hard, nonporous surfaces.
- ✓ EPA-registered to kill *C. diff* spores in 4 minutes (4306ppm).
- ✓ Effective against Norovirus (1 minute dwell time, 2153ppm), *Salmonella enterica*, *Staphylococcus aureus*, *Pseudomonas aeruginosa*, carbapenem resistant *Klebsiella pneumoniae*, and *Acinetobacter baumannii*.
- ✓ Features an NFPA/HMIS rating of 0, 0, 0 in the diluted solution.
- ✓ The 3M™ C. Diff Solution Tablets NaDCC (Sodium Dichloroisocyanurate) chemistry and bleach (Sodium Hypochlorite) are different chemistries. When diluted properly with water, NaDCC doesn't generate the chemical byproduct Sodium Hydroxide, which is a caustic compound that is a byproduct of bleach. This is one of the delineations between the two chemistries.
- ✓ pH of 5.5 to 6.5 is closer to neutral opposed to typical bleach options.
- ✓ 5-year tablet shelf life in sealed packets; 3-year tablet shelf life in loose containers.
- ✓ Dissolvable tablet comes in two sizes for use in large and small containers.
- ✓ Highly versatile — use with a cloth, wipe, mop, or coarse trigger sprayer. NaDCC chemistry will not bind to common wiping media.
- ✓ Easy to use with a mild chlorine smell.
- ✓ Please see technical data sheet for dilution options. Pre-cleaning required for *C. difficile* disinfection per EPA registration label.

3M™ MBS Disinfectant Cleaner Fresh Scent Concentrate #41

3M™ MBS Disinfectant Cleaner Concentrate #42

- ✓ EPA-registered. Effective against SARS-CoV-2 (1 minute dwell), HIV-1, Norovirus, MRSA, VRE, *Acinetobacter Baumannii* and other microorganisms (5 minute dwell).
- ✓ Can be used to disinfect and seal finished floors.
- ✓ Kills SARS-CoV-2, which causes COVID-19 (SARS-Related Coronavirus 1) on hard nonporous surfaces in 1 minute!
- ✓ Multiple applications: Mop bucket, coarse sprayers, wipes.
- ✓ More economical and 1049 ppm of active ingredient, which is less than many hydrogen peroxide disinfectant products with comparable claims and five minute dwell time.
- ✓ Available in Fresh Scent (lavender, #41) and non-scented (#42).
- ✓ Available in both 3M™ Flow Control and 3M™ Twist 'n Fill™ Chemical Management Concentrates.

3M™ Quat Disinfectant Cleaner Concentrate #5

3M™ Neutral Quat Disinfectant Cleaner Concentrate #23

3M™ HB Quat Disinfectant Cleaner Concentrate #25

- ✓ EPA-registered. Effective against HIV-1, MRSA, VRE, herpes simplex I and II and other microorganisms.
- ✓ 3M™ Quat Disinfectant Cleaner Concentrate #5 and 3M™ Neutral Quat Disinfectant Cleaner Concentrate #23 both disinfect SARS-CoV-2, the cause of COVID-19. Both products require a 1-minute dwell time for SARS-CoV-2.
- ✓ Multiple applications: Mop bucket, coarse sprayers, wipes.
- ✓ Available in both 3M™ Flow Control and 3M™ Twist 'n Fill™ Chemical Management Concentrates.

Product Selection and Use: Many factors beyond 3M's control and uniquely within user's knowledge and control can affect the use and performance of a 3M product in a particular application. As a result, customer is solely responsible for evaluating the product and determining whether it is appropriate and suitable for customer's application, including conducting a workplace hazard assessment and reviewing all applicable regulations and standards (e.g., OSHA, ANSI, etc.). Failure to properly evaluate, select, and use a 3M product and appropriate safety products, or to meet all applicable safety regulations, may result in injury, sickness, death, and/or harm to property. **Warranty, Limited Remedy, and Disclaimer:** Unless a different warranty is specifically stated on the applicable 3M product packaging or product literature (in which case such warranty governs), 3M warrants that each 3M product meets the applicable 3M product specification at the time 3M ships the product. 3M MAKES NO OTHER WARRANTIES OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR ARISING OUT OF A COURSE OF DEALING, CUSTOM, OR USAGE OF TRADE. If a 3M product does not conform to this warranty, then the sole and exclusive remedy is, at 3M's option, replacement of the 3M product or refund of the purchase price. **Limitation of Liability:** Except for the limited remedy stated above, and except to the extent prohibited by law, 3M will not be liable for any loss or damage arising from or related to the 3M product, whether direct, indirect, special, incidental, or consequential (including, but not limited to, lost profits or business opportunity), regardless of the legal or equitable theory asserted, including, but not limited to, warranty, contract, negligence, or strict liability.
